WHO WE ARE AND
WHAT WE DO

Amity Tours is a fully licensed, family-owned, boutique inbound tour operator founded in 2003 in Chile.

We are the premier inbound bicycle tour operator in Latin America, boasting the largest and most modern bicycle fleet in the region.

Our tours cater to active travelers aged 50+ who seek adventure, comfort, and a high level of service within the mid-range to high-end markets.

WHO WE ARE AND
WHAT WE DO

We design and operate guided trips in Chile and Argentina.

Our five main activity-based products are:

1. Biking Tours: Road Cycling, Gravel and Mountain Biking.
   Bicycle tours with both electric and conventional bikes
2. Hiking in National Parks (Chile and Argentina)
3. Skiing & Volcano Climbing (Chile and Argentina; In-resort and Backcountry)
4. Multisport Tours (Hiking + Biking + Paddling/Rafting)
5. Swim Tours (Lakes, Rivers, Ocean)

FULLY LICENSED
TOUR OPERATOR

Amity Tours is a fully licensed and certified incoming tour operator according to Chilean Law and ATTA industry standards. We organize all our tours with our own local team, equipment and vehicles. In addition to our adventure travel medical insurance for accidents and casualties, we have a 2 million-dollar Liability Insurance Policy.

We work with both Outbound Tour Operators and Travel Agencies, offering confidential NET RATES and RACK RATES with 20% commission.

OUR KEY ELEMENTS
ADVENTURE. PEOPLE. NATURE

You'll find these key elements in all the travel experiences we create.

ADVENTURE: We are an adventure travel company, and we understand "adventure" as and experience where culture and nature are the main pillars. We specialized in sport activities such as biking, hiking, and skiing, but we also understand that that comes with excellent service, comfortable hotels and great local food, wine and beer.

PEOPLE: You'll find a true friend in our experienced and professional team of guides and drivers. They will show you the best of Chile and Argentina. You'll get to know our country and meet local people at every destination.

NATURE: This is the best part; we are blessed with a country with amazing nature. We'll make sure you see the best of it and discover the hidden corners that will make you hold your breath in awe.

RESPONSIBLE TOURISM
SINCE 2003

Our commitment as a company is to contribute to the sustainable development of our region through the practice of “responsible tourism”.

This commitment implies giving a high degree of importance to the values of local people, which is reflected in the use of local guides, the selection of lodgings in locally-owned accommodations and the carrying out of our activities in wild protected areas.

All our efforts aim to help the protection of our very fragile environment and to maintain the larger amount of income generated by tourist activities in the local area. Both factors are of great importance for our communities and for the people that visit us.

SUSTAINABILITY PROGRAM

As a company offering responsible tourism in CHILE since 2003, we implemented several actions under a Sustainability Program.

As a result, we are implementing several measures:

- **ZERO WASTE OPERATIONS (TOURS)**
- **CARBON FOOTPRINT MEASUREMENT (TOURS & HQ's)**
- **CLIMATE ACTION PROYECT – REFORESTATION WITH MAPUCHE PEOPLE**

INTENSITY LEVELS

LOW / EASY

Ideal for all people and suitable for older adults in good health with overall good mobility who are comfortable participating in up to 3 (three) hours of physical activity per day. Programs at this level generally involve activities of light to moderate intensity at an easy pace, mostly walking, sometimes on uneven terrain.

MEDIUM / INTERMEDIATE

Designed for active people who are comfortable participating in up to 6 (six) hours of physical activity per day. Programs at this level generally involve some activities of higher intensity and/or a more vigorous pace.

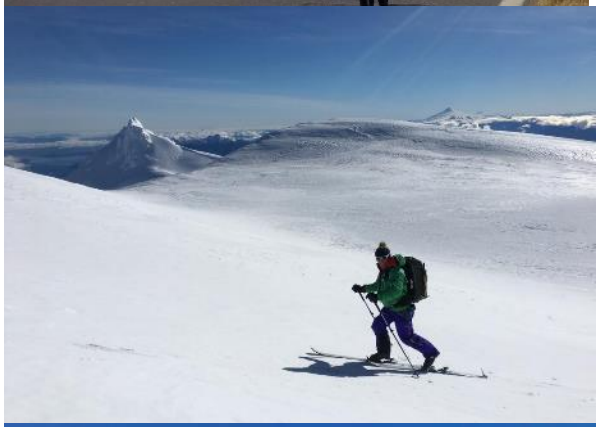

HIGH / ADVANCED

Intended for people who lead very active lives and are comfortable participating in up to 8 (eight) hours of continuous physical activity per day.
